

FACULTY for HIV & SEXUAL HEALTH

in conjunction with

Pediatric HIV Psychology Group (PHP)

**Developing Standards for Psychological Support
for Children, Adolescents and their Families
living with HIV**

Wednesday 20th July 2011

2:00 to 5:00 PM

British Psychological Society Office, London

This meeting will launch the development of standards for psychological support for children and adolescents infected and affected by HIV. The purpose of this meeting is to explore what issues need to be addressed, identify key stakeholders, and to form a working group to develop the standards.

Meeting is FREE for BPS members and invited guests

However registration is required before the meeting – please see below

Venue: British Psychological Society, London Office
30 Tabernacle Street,
London EC2 4UE
